

RE: KELLY MORAVEC MEMORIAL DONATION

To whom it may concern,

Kelly Moravec’s final wish was to see other young people like himself, afflicted with serious, perhaps life threatening illness, prosper in their life dreams, goals and academic progress. In his memory the Moravec family and friend’s request, in lieu of flowers, sympathy cards or gifts, that contributions be made in the name of the “Kelly Moravec Memorial Donation” (note in memo field of check) to “The Alyssa Araiza Wings of Angels” organization (form included). Thank you!

Your contribution will serve as seed money to establish the “Kelly Moravec Foundation for Academic Encouragement” dedicated to advancing the academic and career goals and dreams of young people afflicted with serious illness through financial assistance for tutoring, educational tools and materials, and educational field trips, as well as financial scholarships and incentives for goal setting and achievement.

Kelly believed that his academic goals in pursuit of his career aspirations in aeronautical engineering and computer science and close bonds with family and friends were strong influences on the dignity and valor with which he conducted his nearly 20 year life. His doctors concur that individual success is dramatically improved when pursuits are a powerful positive motivator. At the very end Kelly knew that he would be in the 25% of pediatric cancer patients that would not survive, but his lasting legacy will be to assist other young people with their life dreams and goals in hopes that they will be in the 75% that do survive and will carry on where Kelly could not.

The first scholarship to be awarded in Kelly Moravec’s name is scheduled for the spring of 2007. Thank you for your consideration and support.

On behalf of Rex and Becky Moravec
In memory of their son Kelly
Sincerely, Greg Mann
